

THE KINDNESS
CONNECTION

**Central School
Kindness Connection Day**

SPREADING KINDNESS ONE PROJECT AT A TIME

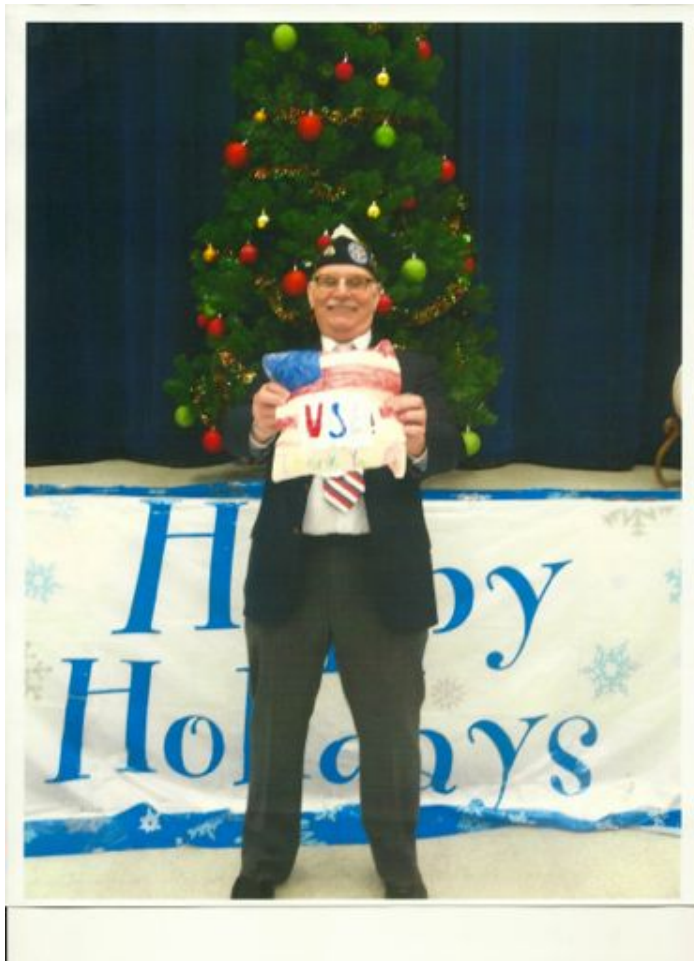

SERVING OUR VETERANS

“Thank you, Kindness Connection, for all of your hard work and your wonderful gift of pillows... The pillows were given out to the Veterans here at the hospital yesterday by our volunteers as part of their holiday gift. Everyone who received a pillow was so grateful that you were thinking about them and it really lifted their spirits.” -Voluntary Service Specialist, **Edward Hines, Jr. VA Hospital**

SERVING OUR VETERANS

“Thank you for the cards! They arrived this morning and we’ve already started distributing them to veterans involved in the VOA of IL program. Each veteran has a smile on their face when they receive a card. Your efforts are truly brightening their day ... and ours.”

-Vice President of External Relations, **Volunteers of America of Illinois**

LASTING IMPACT

Thank you for partnering with **The Kindness Connection** to help foster the next generation of community-minded youth.

We look forward to working with your school again to make more kindness connections!

The Kindness Connection fosters the next generation of volunteers by making meaningful service learning opportunities accessible to youth in the Chicago metropolitan area. We believe that positive volunteer experiences early in life have the power to inspire individuals to make the practice of giving their time and resources to charitable and civic causes an intrinsic part of their lives.

Our vision is to create lifelong volunteers who are compassionate, proactive, philanthropic, and engaged members of our community.
