

TEENS AND THE LAW ***BACK BY POPULAR DEMAND!***

Glencoe Parents, have you ever wondered...

- Is public safety really issuing “tickets” when they catch teens drinking?
- If I host a party, what is my liability if kids drink or do drugs in my home? What if I didn’t know about it?
- If my daughter’s friend overdoses and needs medical attention, can she call 911 without having to worry about repercussions on her if she was also using drugs?
- When do the police have the right to enter our home to conduct a search?
- What is the curfew for Glencoe teens and the consequence for breaking it?
- If my teen son has sex with a girl who is drunk, can he be charged with rape?
- If public safety catches my daughter with drugs, will they let the school know?
- Are the schools allowed to search kids’ lockers?
