

GLENCOE
EDUCATIONAL
FOUNDATION

Fall Newsletter

NOVEMBER 2017

We are grateful to the many cyclists, sponsors, residents, and volunteers who came out to Glencoe to volunteer and support the Glencoe Grand Prix that took place on June 3, 2017.

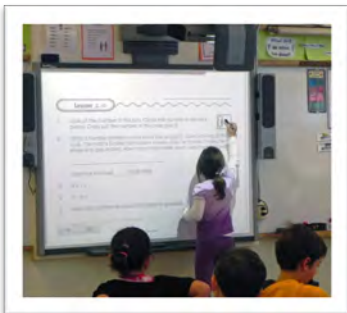

The sunny weather helped to make this weekend a huge success. THANK YOU to our army of volunteers!

The Glencoe Educational Foundation was able to donate 3 new flat panel Smartboards. A new board was placed at South School's Crawford Learning Center, West School's Innovation Station and Central's Creativity Lab.

The total donation of these items were \$16,080. Accepting the gift, Superintendent Catherine Wang commended the foundation for its commitment to its work and the incredible effort they put behind this event.

The Glencoe Educational Foundation will continue to support the increased use of Smartboard technology in classrooms.

We also were able to donate in total, \$7,104.62 of items to our sister school, The Ronald D O'Neal Elementary School in Elgin, Illinois.

These materials needed were for the everyday functionality of their classrooms.

We donated 2 Ozobot classroom kits for the Steam Center valued at \$2,271.45, Literacy kits for 2nd, 3rd and 5th grade teachers estimated at \$7,104.62 and a buddy bench for the playground at the school for \$564.95.

The Glencoe Educational Foundation is so happy to support this elementary school and ease their financial burden. The GEF values teaching students the importance of giving back not only to their community, but also to those outside of Glencoe who need assistance.

Finally, Save the Date! The 12th Annual Glencoe Grand Prix will take place June 2, 2018.

Planning is well underway. For sponsorship opportunities please contact David Metrick, dmetrick@glencoegrandprix.com or 847.682.9291.

The Glencoe Educational Foundation enriches the lives of children from under resourced areas in and around Chicagoland, while also funding the gap in the Glencoe District 35 budget to provide cutting edge technologies to enhance the learning experience for children.
